

Awakening the Essence of Shri Rama Within: the Need of Present

Date: 23.20.2020

To our Dearest Sahaja Yogi Brothers and Sisters,

With the blessings of our Holy Mother, it is time that Her Message of Universal Love spreads all across the globe through all means and methods. The love, with which we have been blessed, must spread so that the light of our Spirits can spread all over and be one at the Supreme Goddess's Lotus Feet.

Shri Mataji, in her various lectures and talks, has emphasized the need for Sahaja Yogis to work collectively for Her Vision. In these times, when we see ourselves amidst a political chaos and communal hatred, it is our Dharma to pray and guide the masses to Her Lotus Feet.

The work on **Shri Rama temple at Ayodhya** has begun but **Shri Ram** has to be born in the hearts of the people in the Lotus of the **Anahata**. The essence, the **tattva of Shri Rama** is to be awakened within, which we all are aware of, is possible only with our Divine Mother's Blessing through **Atma Sakshatkar**.

With Shri Mataji's divine blessings, an article, in two languages- Hindi and English, has been prepared with the intent to awaken the people and spread the message of Her Love and imbibing the preaching on 12 elements of Maryada Purushottam. The article is desired to release on the **Dussehra Day i.e. 25 October, 2020** in three dailies Nav Bharat Times, Dainik Saveri and Times of India and other newspaper, if funds get collected.

Subsequently between Dussehra and Deepawali we propose to reach out to a still wider area through newspapers in other major regional languages, viz. Punjabi, Marathi & Bengali. Tentatively it is going to cost us about 12 lakhs. In the last production, which was in Hindi, Marathi and English, on the occasion of Independence Day, 5.26 lakh rupees were spent in Nav Bharat Times, 1.52 lakh in the Times of India and 25,000 rupees in Navkaal, the Marathi newspaper. From the last collection we have with us a surplus of Rs.3 lakhs. We still require funds to the tune of 9 lakhs.

Although, there are people and teams working in the field for Mother's Work, which is appreciative, but the Real Vision of Shri Mataji cannot be fulfilled until and unless we are all on one. **Groupism** is a cancer for Sahaja Yoga. And, when we stand on the brink of The Last Judgement, **it is not the time to fight but to unite!** Sahaja Yogis have to give Realization to half the population of the Mother Earth but how can we do it if we ourselves are fighting amongst us? We can grow, nourish and spread Her Divine Message only as the united children of one Mother, Shri Adishakti. The best way we could do this is by organizing a single platform online Puja starting with **Navratri**, at Shri

Mataji's Lotus Feet thus setting an example that we are all one. This is what would have pleased our Mother that we are all under one umbrella of Her Love.

Ego and Super Ego clash is not the need of today, shed them off and see, we are all one, as Mother's Children! Therefore, we request you all and even the Trust Leaderships, kindly come forward and help with the blessings of **Shri Lakshmi** that we have got for Shri Adishakti's work. **From our side, we have worked on Shri Mataji's guidelines and thus we understand that crystal-clear transparency should be maintained.** Already Shri Mataji has mentioned in her divine speech that 4-5 Sahaja Yogis can come together and do Sahaja Work. (Ref: Guru Puja 2008)

We have all been blessed by Mother in all aspects of life and ascent. Let us all come forward as worthy instruments of Her Love so that the Devi can enjoy Her reflection in all of us. We request your support in this **Divine Work**. In actual, Shri Mataji is the doer. Let us try to become her worthy instrument.

We request you all to pray for the success of this divine endeavor.

**With Nirmal Love and Wishes on the Eve of Navratri,
Jai Shri Mataji**
